

BE HEALTHY HAWKS

**Protect the flock,
wear a face covering.**

**Be wise,
sanitize.**

**Rest up,
stay home if
you're sick.**

**Count to 20,
wash your hands.**

**Wipe it down,
disinfect surfaces.**

**Be social,
from a 6 foot
wingspan.**

The Healthy Hawks Safety Levels are general guidelines for UND's response to COVID-19. The guidelines are fluid and subject to change based on new information from the CDC and State of North Dakota. Exceptions may apply.

*UND has an event approval process. UND follows the State of North Dakota's Smart Restart guidelines for event/meeting capacities, but our guidelines may be stricter at times due to the density and mobility of our campus population.
