

## PageUp Onboarding Tasks

This is a reminder that both you as the Hiring Manager – along with your new employee(s) – will receive periodic onboarding tasks up to and after a new employee has been hired into a position. Please be sure to mark the task as complete when you have finished. Encourage your new employee to do the same.

How do you know if you have a task to complete? There are two ways you will know:

- 1) As the Hiring Manager, you will receive periodic **emails** from PageUp directing you to a task, or tasks, that need to be completed.
- 2) You can look on your PageUp dashboard to see if there are tasks remaining for either you or your new employee to complete.
  - a. On your Offers Tile on your PageUp dashboard, see if you have any New Hire tasks noted. If you have any numbers listed in front of the New Hire tasks, click on the highlighted number to see what tasks are remaining.

The image shows a screenshot of the PageUp dashboard. At the top, there is a dark blue header with the PageUp logo and a hamburger menu icon. Below the header, the text "My Dashboard" is visible. The main content area features a white card with a yellow envelope icon and the title "Offers". Underneath the title, it displays "0 Offers awaiting your approval", "2 New hires", and "24 New hire tasks". A large blue arrow points to the "24 New hire tasks" text.

Once you click on the highlighted number, you will find a list of tasks that need to be completed:

<input type="checkbox"/> New Hire Announcement	Nicole Bauer	Jul 26, 2023
<input type="checkbox"/> Complete Section 2 of I-9	Nicole Bauer	Aug 3, 2023, 3:00pm
<input type="checkbox"/> Take Employee to Pickup Keys	Nicole Bauer	Jul 31, 2023
<input type="checkbox"/> Give Office/Building Tour	Nicole Bauer	Jul 31, 2023

<input type="checkbox"/> Review Employee Handbook	Nicole Bauer	Jul 31, 2023
<input type="checkbox"/> Create Training Schedule	Nicole Bauer	Jul 30, 2023

Then when you click on a task, it will give you directions as to what you need to do. You may then either close the task and do later, or mark it as completed. Once completed, it will remove that item from your Offers tile as a remaining task.

Here is a description of one of the tasks:
